

May 10, 2013

Dear Members and Friends,

As 2013 continues to progress, we have not fallen short on the number of activities and scheduled events that we continue to embark on. There are plenty of other planned activities for the second half of the year and hope that we can count on your support to our Mid-year Appeal.

We recently attended the 38th Annual Chicago International Coin Fair, where we had the wonderful opportunity to meet many of our current members. Additionally, we presented our most highly anticipated publication, *Coins of the Holy Land: The Abraham and Marian Sofaer Collection*, which has been added to our growing bookshelf and is now available to order. Among other highlights, we look forward to conducting the 2013 Eric P. Newman Graduate Seminar, set to take place throughout the months of June and July. Later this month, we will be in Greece presenting the 2012 & 2013 Archer M. Huntington Award for excellence in numismatic scholarship. Members of the staff will continue to engage in a number of other conferences and lectures here in New York, around the country and venues around the world.

Services such as the ongoing digitalization project in the curatorial area, noted publications such as the ANS Magazine, and website maintenance, among other things, are only made possible through the generosity and active participation of people like you. We hope that you will consider making a contribution at this time, which will in turn, ensure that we continue to extend the study of numismatics to more diverse audiences throughout the world.

On behalf of the Board of Trustees and Staff, I thank you for your support.

Sincerely,

Dr. Ute Wartenberg Kagan
Executive Director
